

Notice to Competitors #2

30th December 2011

Navigational Hazard - Newcastle

Newcastle Port Corporation has advised that the ISOLATED DANGER MARK (32 53.79S, 151 50.94E) located approx. 2.9nm ENE of Nobby's Light is missing its superstructure.

The only visual identifier remaining is the black floating base. The Mark is equipped with a functioning AIS Beacon.

Yachts are to navigate these waters with extreme caution.
